

Wildswinkel Clients,

WILDSWINKEL BOBAAS Bosveld Auction

Wildswinkel is excited to host yet another catalogue auction on the **28th of July 2018** at our Wildswinkel auction hall just outside Bela Bela.

If you are interested in presenting animals on the auction, please complete the attached form with the required information and send it back to us on/or before the **28th of May 2018**. Please keep in mind that we aim to present top-quality genetics at the auction

We will notify you in writing on/or before the **04th of June 2018**, to confirm whether your application was successful or not

Auction terms:

- Wildswinkel has created a new model which gives the seller the opportunity to put a reserve price on his/her lots being sold on the auction - the following conditions apply:
 - The estimated minimum value of the lot must be R250 000 or more. (The reserve price value will be agreed upon between the seller and Wildswinkel marketer. No unrealistic reserve prices will be considered, and reserve prices will be in line with current market trends and prices)
 - An entry fee will be payable should a seller elect to place a reserve price on his / her lot/s. The entry fee is strictly payable before the auction and will be calculated as follow:
 - Lot Value: R250 000 – R499 999 = R15 000 per lot.
 - Lot Value: R500 000 – R999 999 = R20 000 per lot.
 - Lot Value: R1 000 000+ = R30 000 per lot.
 - This entry fee will be payable once Wildswinkel confirmed that the lot have been approved for the auction. On lots with a reserve price, an offset will be made in

accordance with the commission payable should the lot be sold on the day of auction. In the event where the lot is not sold, the entry fee will be forfeited.

- Should you decide not to put a reserve price on your lots, no entry fee will be payable, and the lots will be sold on a no-reserve basis.
- Any lot with an estimated value of less than R250 000 will be sold on a no-reserve basis and the seller does not have the option to place a reserve price on such lots.

Timed Auctions

- A Timed auction will be presented along with the Wildswinkel Bobaas Bosveld auction. The Timed auction will take place on the new Wildswinkel App and Website.
 - To ensure that quality animals will be presented on the auction, the seller may recommend whether he/she want to auction of an animal on the Live and/or on the Timed auction. The final decision on whether a lot will be placed on the Live and/or on the Timed Auction lies with the Wildswinkel team and will be decided through cooperation between the marketers and the rest of the team.
 - Each lot on the Timed auction will be opened on a pre-determined estimated selling price. This value will be realistic and in line with current market related trends and prices. Thus, if there is only one bid on the lot, the lot will be considered sold
-
- A committee of marketers will consider all the applications and through a strict selection process, Wildswinkel will decide which animals will be presented on auction. The selection takes into consideration when the auction will take place, where the auction will take place and the quality of the animals offered.
 - A Contract will be completed between Wildswinkel and the Seller. The contract applies to all animals presented on both the Live auction and Timed auction. The complete terms and conditions will be attached to the Contract
 - Once the animals have been approved to be presented on the auction, the Seller will be notified in writing

Included in the Commission:
