Declaration – Signature Wildlife Group

- * The sellers declare that strict biosecurity and operational protocols are implemented and maintained on their farms of origin before, during, and after the auction.
- * All participating sellers confirm that, to the best of their knowledge, their farms are free of Foot-and-Mouth Disease (FMD).
- * The onus rests on the buyer to inform themselves of the risks associated with FMD. Buyers must ensure that they are fully informed of, and compliant with, all legislative and veterinary requirements applicable to their specific area, district or province for the lawful receipt and movement of animals.

SPECIAL RULES

- * Should a seller be identified as FMD positive prior to the capture of the sold animals, the seller undertakes to immediately notify the buyer and either mitigate the matter in accordance with the prescribed veterinary protocols or as a last resort cancel the transaction.
- * If a seller's farm is placed within an FMD management area prior to delivery, the seller undertakes to retain the purchased animal(s) on the source farm at no cost to the buyer until lawful movement is permitted.

During this holding period:

- The animals shall remain at the seller's sole risk and responsibility.
- In the event of injury or loss during this period, the seller shall either replace the animal with one of comparable quality, subject to the buyer's reasonable satisfaction, or provide a full refund of the purchase price.
- * Should the buyer's receiving farm test FMD positive or be placed within an FMD management area prior to delivery, the seller agrees to retain the animal(s) on the farm of origin at no cost for a six-month period, unless otherwise agreed between buyer and seller.

During this holding period:

- The buyer shall provide official written confirmation from the relevant State Veterinary Authority confirming the applicable restriction.
- Risk shall transfer to the buyer.
- Purchase funds shall be released to the seller.

WILDSWINKEL APP GUIDELINES

THE WILDSWINKEL SYSTEM EXPLAINED

DID YOU KNOW?

Our online platform is web and app-based and is available on all operating systems.

FIRST THINGS FIRST

Download the Wildswinkel App available for iOS, Android and Huawei. Click on the button that is relevant to your mobile device or simply scan the QR code with your smart device.

DIFFERENT TYPE AUCTIONS

The Wildswinkel platform provides you with 3 options to host your auction.

1. **Live Auction** - This is your traditional way of hosting an auction where the auctioneer closes the auction lot for lot with an audience. This method allows the bidder to bid online via live streaming in real-time or live on the floor at the auction. A countdown timer on the app indicates to the online bidder that final bids have to be placed before the auctioneer then closes the lot after the timer has run out.
2. **Livestream Auction** - Livestream auctions do not differ a lot from a Live Auction. There will be an auctioneer who still closes the auction lot for lot via Livestream, but no audience is involved at the auction. Bidding will only be done by telephone bidding or online bidding. The same principle for the countdown timer applies to a Livestream Auction.
3. **Timed Auction/Flash Sale** - This is purely an online auction. There is no auctioneer involved as it is a platform-based auction. Lots close in staggered intervals starting from a specific time and remain open for an undisclosed duration depending on the activity of each lot. There is a two-minute rule that applies. This simply means that when a bid is placed in the final two minutes before the lots closing time, the timer will extend by another 2 minutes to prevent bidders from losing out and to keep the bidding transparent and fair.

ONLINE AUCTION REGISTRATION PROCESS

The process to register online for any of the above-mentioned auction types remains the same. Simply create a user profile (one time only!) and click on 'Register to bid' for the relevant auction. You will receive a unique bidder number. Simply collect your bidder card from the registration table should you attend the auction. No paper, no scans, no waiting in line!

CHARITY: BRONZE RHINO SCULPTURE & KWANDWE EXPERIENCE

Other info:

We invite you to participate in this year's Signature Wildlife Charity Lot. The winner will receive a magnificent White Rhino bronze from the talented Bruce Little's studio—an internationally recognised sculptor who has exhibited extensively worldwide (www.bruclittle.com). This piece is close to our hearts, and we hope you will see the value in its beauty.

In addition, the winner will enjoy three nights for four guests at Kwandwe's Great Fish River Lodge, along with a scenic flight in our Bell 505 helicopter—flying over the reserve and down to the Indian Ocean between the Great Fish River lighthouse and the Bushman's River mouth.

Proceeds from this lot will be shared between two charitable trusts. The Ubunye Foundation, established by Kwandwe in 2002, supports rural communities through education, healthcare, and skills development—working across 58 Early Childhood Centres and positively impacting over 26,000 lives.

The second beneficiary, the Kwandwe Rhino Conservation Trust, funds environmental education, Rhino monitoring, ranger safety, and specialised anti-poaching efforts to protect populations on the reserve and neighbouring Rhino areas.
