Word of Welcome

Welcome to our 26th Annual Game Breeding Auction. We are thrilled to present this catalogue, showcasing a diverse and exceptional selection of game animals that reflect the dedication, expertise and passion of our members.

This year we were overwhelmed with entries and have also included a Timed auction which closes on Monday evening. Please remember to log in on Monday evening.

A special word of thanks goes to our Guest Sellers for their contribution of outstanding genetics. Some are participating for the very first time, and we encourage buyers to actively support them as they establish themselves within the game breeding industry.

This event is not only an opportunity to acquire exceptional breeding stock but also a celebration of the remarkable work being done by Game Farmers across the country. Each animal featured in this catalogue has been bred to the highest standards—demonstrating exceptional health, strong genetics, and superior quality. Many of our members and guest sellers have been refining their herds over many years, giving you the chance to "fast track" your own breeding programs by investing in animals shaped by decades of focused breeding.

We acknowledge the important role that the Outfitters and Hunters play in the development of the South Africa's wildlife tourism market. Our 2026 Trophy and Hunt Auction held in April this year was a great success, and we extend our sincere thanks to everyone who participated. In recognition of this important sector, we have included several animals on today's auction that will be of particular interest to the hunting market.

Throughout the day, we encourage you to engage with the breeders. This auction is more than a commercial event - it is a community gathering where knowledge, ideas and support of the wildlife industry are shared and celebrated.

We remain deeply committed to conservation. By taking part in this auction, you are also contributing to the preservation of biodiversity and the protection of endangered species. Our breeders are dedicated to sustainable practices that promote animal welfare and safeguard natural habitats.

Whether you are here to diversify your genetics, invest in elite breeding stock, or simply enjoy the excitement of the auction, we believe there is something for everyone.

Thank you for joining us - and here's to a successful and memorable auction. Happy bidding!

TO MAKE A DIFFERENCE IN A CHILD'S LIFE!

The Loerie Youth Centre is a children's home located in Bronkhorstspuit and currently houses 34 underprivileged children. All these children's parents are unable to care for them due to severe economic hardship, or they have been exposed to the dangers stemming from poor socio-economic conditions.

The Loerie Youth Centre Trust was formed in April 2000 as a non-profit organization and receives no government subsidy. The Trust is responsible for all operational expenses such as bond payments, food, transport, salaries, school fees etc. The Loerie Youth Centre Trust is registered under section 18(a) for tax purposes.

The education of our children is based on strong principles, discipline, and love. Despite their young age, and their many hardships, they have a cheerful outlook on life. Their academic progress is of utmost importance to the Trustees and staff.

We rely on donations – whether financial or otherwise – to adequately feed, clothe, educate and provide the necessary essentials for our children. Without the help and support of people, we cannot succeed in our mission to make a difference in a child's life.

COMMENT

Thor was put with cows at a very young age (less than 5 years) which has for sure had an influence on his growth. But he still managed to reach 49 ⁵/₈". His eldest sons are now 3,5/4 years old and look very promising already. He is super fertile. He might be 50" now as he was still a bit soft when we last measured him May 2025. But not guaranteed. His Sire is Klein Rooi and his Grand Sire is Rooi. Rooi was caught in Madikwe the same year and in the same group as the famous 53" Tyson. He has a super gentle character and is very easy to handle in a boma. His bosses were measured 14" soft and 12" hard, which gives him a SCI score of 134" soft and 130" hard.

COMMENT

Don't miss this exceptional breeding opportunity: the buyer can choose four quality Sable cows out of the herd running with 52 $\frac{3}{8}$ " Kuanzu, a strong, big-bodied young Western Zambian bull testing 96% Zambian on Nuclear DNA. Kuanzu is a son of the proven breeding bull 53" Scratch, and his dam W86 traces back to the legendary 48" Baron. At just 6 years old and still growing, Kuanzu already boasts 52" horns, a 125 $\frac{3}{8}$ " SCI score and excellent symmetry (41 rings both sides, 14" tips) — a bull with real upside for any serious breeding programme. Pairing rare, pure Western Zambian genetics with proven bloodlines, this lot offers outstanding potential for buyers looking to elevate their herd's genetic quality.

TO MAKE A DIFFERENCE IN A CHILD'S LIFE!

The Loerie Youth Centre is a children's home located in Bronkhorstspuit and currently houses 34 underprivileged children. All these children's parents are unable to care for them due to severe economic hardship, or they have been exposed to the dangers stemming from poor socio-economic conditions.

The Loerie Youth Centre Trust was formed in April 2000 as a non-profit organization and receives no government subsidy. The Trust is responsible for all operational expenses such as bond payments, food, transport, salaries, school fees etc. The Loerie Youth Centre Trust is registered under section 18(a) for tax purposes.

The education of our children is based on strong principles, discipline, and love. Despite their young age, and their many hardships, they have a cheerful outlook on life. Their academic progress is of utmost importance to the Trustees and staff.

We rely on donations – whether financial or otherwise – to adequately feed, clothe, educate and provide the necessary essentials for our children. Without the help and support of people, we cannot succeed in our mission to make a difference in a child's life.
